NOTES TO BIDDING SCHEDULE:

1. A bid may be rejected if it is materially unbalanced. A bid is unbalanced when it is based on prices for some work that appear significantly overstated in relation to actual cost and for some work that appear significantly understated in relation to actual cost. An unbalanced bid is materially unbalanced when a reasonable possibility exists that the bid, if accepted, would result in the lowest overall cost to the Government; or would create an unauthorized advance payment.

2. Failure to bid on all the items in the Bidding Schedule may cause the bid to be considered nonresponsive.

3. The estimated quantities of damaged or deteriorated wood and masonry shown for Bid Items 1C, 1D, 1E, 1F, 2C, 2D, 2E, 2F, 2G, 2H, 2I, 3C, 3D, and 3E, respectively, are based upon field surveys and engineering judgement. The estimated quantities of lead-based paint to be removed and disposed of shown for Bid Items 1B, 2B, and 3B, respectively, are based upon surveys and test conducted by the Government. The amounts finally paid to the Contractor for both these items will be based upon actual quantities encountered, and the final amount due to the Contractor shall be calculated in accordance with the CONTRACT CLAUSE, "Variations in Estimated Quantities".

4. This project is subject to statutory limitation of \$20,000.00 per dwelling unit. In order to monitor and control costs, the Government must record the cost for each dwelling unit. The successful bidder shall compile and submit to the Government, within five (5) calendar days of being requested to do so by the Contracting Officer or his authorized representative, a list showing the price bid, including direct and indirect costs, and profit and other markups for each individual dwelling unit. The unit cost for each dwelling unit involved under this project shall be noted on the attached schedule, entitled, "DWELLING UNIT COST DATA" (DU COST DATA), which consists of 12 pages. The DU COST DATA will not form a part of the contract. In no event will a contract be awarded to any bidder who does not submit the DU COST DATA.

MEASUREMENTS AND PAYMENT(S)

Compensation for all work to be performed under this contract will be made under the payment item(s) listed herein. Price(s) and payment(s) for the item(s) shall cover all work, complete and finished in accordance with the specifications, schedules, and drawings, and shall be full compensation for all work in connection therewith, including quality control and cost of performance-and payment-bond premiums as specified in the CONTRACT CLAUSES. Price(s) and payment(s) shall constitute full and final compensation for furnishing all materials, equipment, management, supervision, labor, transportation, fuel, power, water, and all incidental items necessary to complete the work, except as otherwise specified to be furnished by the Government. For the purpose of CONTRACT CLAUSE entitled "PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS", the term "designated billing office" and "designated payment office" are as follows:

- a. Billing Office
U.S. Army Engineer District, Honolulu
Schofield Barracks Family Housing Resident Office, Bldg. 230

RIGGERS; WELDERS - Receive rate prescribed for craft performing operation to which rigging or welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

9 The request should be accompanied by a full statement of the

0 interested party's position and by any information (wage payment
1 data, project description, area practice material, etc.) that the
2 requestor considers relevant to the issue.

3
4 3.) If the decision of the Administrator is not favorable, an
5 interested party may appeal directly to the Administrative Review
6 Board (formerly the Wage Appeals Board). Write to:

7
8 Administrative Review Board
9 U. S. Department of Labor
0 200 Constitution Avenue, N. W.
1 Washington, D. C. 20210

2
3 4.) All decisions by the Administrative Review Board are final.
4 END OF GENERAL DECISION
